

To help not-for-profit entities in Louisiana figure out what type of financial reporting they are required to do for each fiscal year they are in operation, the Louisiana Legislative Auditor has created this guide and worksheet. The information and categories included here are taken directly from the Louisiana Audit Law, R.S. 24:513 A(1)(b)(iv), unless otherwise noted.

STEP 1

Be sure to read over the entire worksheet on the next page **COMPLETELY** before filling it out. *Please note: All categories that must be considered are labeled “Yes” in **Column B**, while all categories marked “No” are locked and do not need to be changed. Also, only fill in the fields that apply to your organization.*

STEP 2

Fill out all fields in **Column C** that apply to your organization. You will notice that the total at the bottom of the worksheet auto-populates as you enter your data. Leave any non-applicable fields blank.

STEP 3

Once Column C is completed, the blue box at the bottom of the worksheet will have your total. Use this total to determine what type of report you are required to file based on the chart located below the worksheet in **Note 1**.

Only CPAs on the [LLA's Approved CPAs List](#) can perform audit, review/attestation, and/or compilation engagements of governmental and quasi-public entities located in Louisiana. Local auditees are required to engage their accountants or auditors within 60 days of the end of their fiscal year, per [R.S. 24:514 F\(1\)](#). The [Louisiana Governmental Audit Guide](#) sets forth the standards by which the engagements of local governments and quasi-public organizations (local auditees) are to be performed and is available at lla.la.gov.
